

Freeze Panes in the SigmaPlot worksheet: Columns, Rows, and Sections

You can freeze panes to keep rows and columns visible as you scroll through the worksheet.

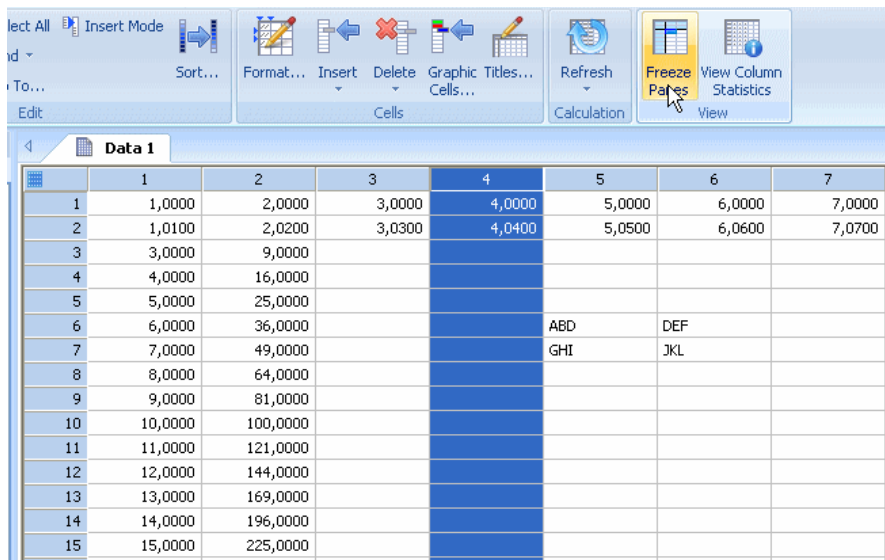

To freeze panes:

- Select a cell below and to the right of where you want the split to appear.
- On the Worksheet tab, in the View group, click Freeze Panes.

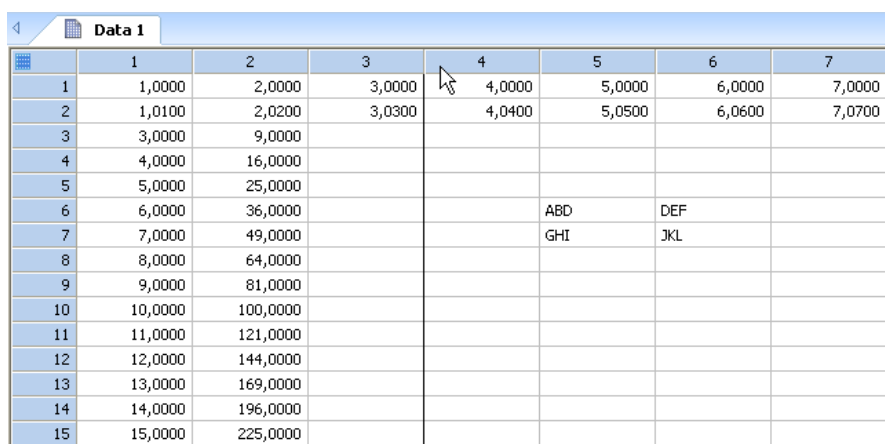

You can freeze columns, rows, or both.

To unfreeze, click on the View > Freeze Panes button again.

1. Freeze a column: click a column to the right, and select View > Freeze Panes
